

Bruce Johnson – Candidate for Meadowlakes City Council, Place 4

I have been a resident of Meadowlakes for over 28 years, living at 401 San Saba. I previously served on Meadowlakes M.U.D. board to help ensure safe, clean water for the city, assisted in the creation and development of the Wayne Dollar Childrens Park on Mahan street, and served on the Meadowlakes city ordinances re-codification committee under then-Mayor Bob Norwood.

I am retired from Emerson Electric with a 36-year career in engineering and management, with roles in product development and marketing/sales management, and served as executive director of the company's 3500-member global users group. In retirement, I am currently working part-time as a materials specialist at Firefly Aerospace. I am graduate of the University of Texas at Austin, with degrees in Finance and Marketing.

My wife, Debby, is a retired Marble Falls ISD teacher, and together we raised three wonderful daughters here in Meadowlakes. We have been members of the First Methodist Church since 1993.

I hope to assist the current council with keeping Meadowlakes a safe, secure, attractive, friendly, and fiscally-responsible city for my fellow residents and visitors alike.
